

READER POSTS

Our reader post range is designed to compliment your automated perimeter security solutions. Easy to install by simply bolting down. (Dig in range is available if required) They are presented with a mild steel face plate that is fastened with 2 simple security screws.

The Reader Posts come in six different variants:

- Car Height / Car Height Swan Neck
- Dual Height / Dual Height Swan Neck
- Lorry Height / Lorry Height Swan Neck

And as an added bonus we offer these in our three header sizes:

- Small
- Large
- Intercom

Available in all RAL colours!
